### **WHY REGISTER?**

Our Y is using a system called YourMarket which will allow us to request required information from you only once during intake. You can complete the intake by following the QR code above or meet with one of our staff or volunteers at the Y during the times listed on this flyer. Once you are enrolled, you will have access to reserve a time to pick up food based on availability. When your scheduled time comes, you will then simply check-in with a phone number or scan card and quickly get your food without having to answer any questions. Additionally, you will be able to share any dietary needs or preferences, including allergies, so that we can make sure your bag includes food that you will eat. Reservations end at 6PM the day before scheduled pick up dates. If you opt in, we will also be able to share information with you via text or email like if we add new reservations or have an unexpected cancellation.
